

RANGE COOKERS

Italian for cooking

Choose De'Longhi and you're in good hands. For decades, we have been bringing Italian flair and engineering into British homes through our distinctive collection of range cookers.

Designed to impress and built to last, all cookers are freestanding, make a strong style statement and deliver on performance.

There are 27 different products to choose from in a variety of colours, finishes and widths.

We've single, double and triple oven cookers as well as options when it comes to fuel type.

Choose from all gas and dual fuel (gas and electric) to all electric, including induction hob.

At De'Longhi we've a cooker to suit every space, design style and budget. That's why De'Longhi isn't just Italian for cooking, it's for living too.

Vintage

Our Vintage Collection of range cookers has charming design details and finishing touches.

Gently curved stainless steel back guards, softly rounded panelling on the oven fronts are complemented by retro brushed steel control knobs and matching hand rails.

Whether triple, double or single cavity, each cooker is dual fuel meaning it has a gas hob and grill with electric ovens.

All are 90cm wide and available in seven different colours and finishes – Gloss Black, Cream, Gloss White, Slate Grey, Mediterranean Olive, Light Blue and Stainless Steel.

Choose from 12 different product combinations based on the number of cavities and colours.

DVRS 906 DF SS Vintage Single Cavity in Stainless Steel

Features

CENTRAL WOK BURNER.
POWERFUL 3.5 KW

Powerful 3.5 k/W gas wok burner and cast iron wok support included with all gas top cookers.

PRACTICAL TELESCOPIC SLIDING SHELF
SUPPORTS

Improves ease of use and access, particularly for heavier and larger dishes.

DOOR CONSTRUCTION

All cookers have been designed with removable inner door glasses, which makes the glass doors easy to clean.

REFINED VINTAGE DESIGN

Retro detailing on the stainless steel handrails and control knobs make for ageless style.

Vintage Professional

Enjoy the best of both design eras with our Vintage Professional single cavity cooker available in Light Blue and Black and at 90cm wide and in dual fuel with gas top and electric oven.

We've kept the charming retro control knobs and rounded hand rails but replaced the curved vintage styled backboard with a straight, more modern shape, mirroring the angular form in its tapered aluminium legs.

Light Blue or Gloss Black, whichever colour you choose, this classy cooker suits all kitchen designs, from traditional and classic to minimalist and modern.

DDC 707 DF Modern Double Cavity in Stainless Steel

Design details

FIVE GAS BURNERS

70cm wide Five burner gas hob with central high output wok burner and heavy duty cast iron pan stands and wok support.

70cm range features

FULL ELECTRONIC PROGRAMMER

Both cavities are independent ovens with the main oven controlled by an electronic programmer bringing precision and flexibility to cooking performance.

STEEL BACK GUARD

Cooker is supplied with an easy to fit solid stainless steel back guard.

SIDE OPENING MAIN OVEN DOOR

Allows ease of access to the oven cavity and the inner door is easily removed for cleaning.

Space

The two cookers in our Space Collection offer just that – extra large single ovens with plenty of room, making them ideal for big family meals as well as batch cooking.

They may be big on contemporary style but they make a small imprint on the environment owing to their A class energy ratings – unusual given the size of the ovens at 110 and 120 usable litres of space.

Built to last and to deal with the demands of daily cooking, these high specification cookers are 90cm wide and made from brushed stainless steel and feature a useful storage compartment.

There's a dual fuel option with gas hob and electric grill, as well as an all gas option.

Impressive energy efficiency is matched by powerful performance owing to high power gas burners that are quite simply 'best in class'.

90cm Single Cavity Dual Fuel

90cm Single Cavity Fan Gas Cooker

SPACE

90cm multifunction dual fuel range cooker

COOKTOP

- 90cm Stainless steel professional cooktop

STORAGE COMPARTMENT WITH DROP DOWN DOOR

DSR 927 GX Space Single Cavity in Stainless Steel

Design details

GAS CAVITY

A unique feature of the Space range cooker is a fan gas oven and full width, all gas grill. It is a powerful combination offering heat control and flexibility.

COOKTOP

Oven cavity fitted with two catalytic side panels which work to burner off any excess fat and food residue. Hobs feature stylish brass burner rings that are extremely hard wearing.

Space cooker features

ROTISSERIE

Unique to both Space cookers is a stainless steel rotisserie kit which when needed, can fit across the full width of the oven and features a double fork setting.

SOFT CLOSE DOOR

High quality door construction on both Space cookers which includes soft close hinges, triple glazing for excellent heat retention as well as removable inner glass for easy cleaning.

Focus on Features

FOCUS ON FEATURES

Italian for performance

Our programmable electronic timers combine perfect timing with accurate oven temperatures, helping cooks achieve great results, plus it's energy-efficient so kinder on the environment.

For quick and intensive cooking, hobs at the top end of our range have ultra-rapid gas burners.

Heat is powerful, instantaneous and easily adjusted with high energy flames igniting on command, working at full power or performing at a gentle simmer.

FOCUS ON FEATURES

Italian for safety

Most grill pans sit on telescopic sliding runners for access and ease of use. These neat shelf supports make for safer cooking especially when using large or heavy trays.

Double halogen lights in all ovens turn on as soon as the heat is activated. It makes what you are cooking easily visible when it comes to moving dishes in and out and keeping an eye on progress.

Doors, whether side opening or drop-down, are soft close. Their double glass design makes them reassuringly cool to touch on the outside no matter how hot the oven.

All De'Longhi gas and dual fuel cookers feature high quality auto ignition and flame safety devices for safe cooking.

FOCUS ON FEATURES

Italian for practical

We've made our ovens super easy to clean thanks to a vitreous enamel coating. Our Space range also boasts a seamless oven cavity, which means there's less chance of dirt staying put.

Stainless steel back guards at various heights and in three different designs look great, are easy to clean and stop food from collecting behind the cooker.

All oven doors whether side opening or drop-down feature slide-out removable inner glass panels making them extremely easy to clean.

DE'LONGHI

90cm cooker hood

Our stainless steel cooker hood is a practical and stylish addition which is available in two finishes, Gloss Black and Stainless Steel.
